Objective

Seeking an entry level permanent position in Software Engineering.

Education

B.S degree in Computer Science from San Jose State University in San Jose, CA, in December 2022

Bachelor's degree in Accounting from Gia Dinh University in Ho Chi Minh, Vietnam, in 2012

Summary of Qualifications

- Proficient in Java, Python, and C with experience in Object-Oriented Design, Data Structures, and Algorithms. Skilled in coding, testing, and problem-solving
- Knowledgeable in multiple frontend languages, including HTML, CSS, JavaScript, React, and Django. Familiarity with web application development, database design, and machine learning.
- Proficient in using NoSQL databases and UI/UX tools like Figma. Familiarity with Restful API.
- Strong attention to detail, ability to learn quickly and easily adapt to changing circumstances
- Highly motivated to work collaboratively in a team environment and able to work under pressure in a dynamic work environment.
- Available for full-time work.

Program Coursework

- Completed over 30 credits of core computer science courses, including C Programming, Java, Data Structures and Algorithms, Object-Oriented Design, Computer Architecture, Operating Systems, Software Engineering, Database Management Systems, Programming Paradigms, and Artificial Intelligence.

Special Projects Work with Peers

- Developed the “Payroll Project,” which involved creating a C application to import employee information, update records, calculate salary slips, and generate reports in a tabular format.
- Created a Java-based software application called “Basic Calculator,” which performed basic arithmetic operations, validated user inputs, and provided appropriate error messages in case of incorrect inputs.
- Developed a website for restaurants using React, called the “Restaurant QR Code Menu,” that allows customers to scan a QR code to view the restaurant's menu and place online orders.

Earned Certificates

- Associate in Arts: Natural Science and Mathematics Honors from Mission College in 2020
- Associate in Science for Transfer: Mathematics Honors from Mission College in 2020
- Certificate of Achievement in California State University General Education Breadth from Mission College in 2020

- Certificate of Proficiency in Computer Programming from Mission College in 2019
- Advanced Diploma in Finance and Accounting from Queensfield Business School in Singapore in 2009

Work and Volunteer Experience

- **Helping Homeless initiative in Vietnam, volunteered in 2014-2015.** I collaborated with temples and charity groups to distribute donated clothes, food, and charitable housing to people facing difficult circumstances in remote areas.
